

## Pupil Premium allocation at The Priory School 2020/21

We constantly review our pupil premium provision and analyse the individual needs for ALL those who are deemed disadvantaged or vulnerable in any way. We believe that students are most successful in making progress when:

- They receive high quality feedback for all their work
- The work they receive is exceptionally well differentiated
- High expectations are made of them
- Personalised learning is sought and staff know how each individual learns best

As a school we know that no one Pupil Premium student or family are the same and we work closely with them to meet their individual needs.

For 2020/2021 The Priory School has received Pupil Premium funding of £119,575.00.
