Partnership for Inclusion of Neurodiversity in Schools (PINS) Project

We are pleased to let you know that our school is taking part in the **Partnership for Inclusion of Neurodiversity in Schools (PINS) Project**, which aims to strengthen support for children and young people with Special Educational Needs and Disabilities (SEND), particularly those who are neurodivergent.

As part of this work, we are inviting parents and carers to complete a short survey about their experiences of support and inclusion at our school. Your feedback is incredibly important and will help us to identify strengths, understand areas for development, and shape future improvements to ensure we meet the needs of all learners.

The survey should take approximately 10 minutes to complete and all responses will be treated confidentially. We encourage all parents and carers to participate, regardless of whether their child has a diagnosed SEND need.
